KENWORTH
THE WORLD'S BEST

THE KENWORTH T800 LIQUEFIED NATURAL GAS (LNG) LOW EMISSIONS SOLUTION

Reducing fuel costs and complying with air quality regulations requires a new way of thinking. Kenworth, in conjunction with Cummins and Westport, has the solution. The Liquefied Natural Gas (LNG) powered Kenworth T800.

Building on the time-proven workhorse, the Kenworth T800, and integrating a big block Cummins ISX (15L) engine with the Westport LNG system, offers operators the fuel economy they need to substantially lower fuel costs while at the same time reducing emissions. All without sacrificing horsepower, torque or efficiency. It's the complete package for meeting stringent air quality standards. And Kenworth is the only heavy duty truck manufacturer to offer the ISX-G LNG as a factory-installed option, providing optimum system integration.

LNG Annual Savings vs. Diesel*

Features

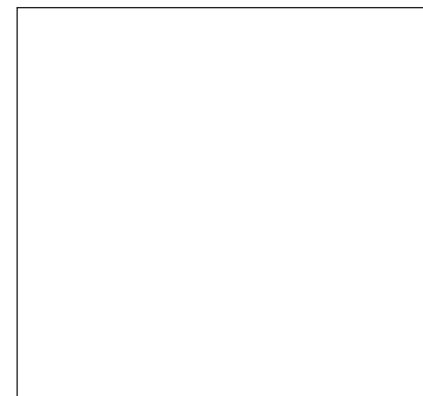

- Diesel Performance with Lower Emissions
- Westport ISX-G up to 450 HP/1,650 lbs/ft. of Torque
- 300 to 500 Mile Operating Range
- Compression Brake Standard
- Manual Transmission Options
- Kenworth Factory Installation and Warranty
- EPA/CARB Certified

Emissions Reduction

33% Less NOx
20% Less GHG

2007 U.S. EPA & CARB Certification
 (Reduction of Diesel Equivalent)

Note: Photography and illustrations in this brochure may depict optional equipment. All equipment and specifications shown in this brochure are subject to change without notice. Please consult with your Kenworth dealer at the time of ordering for actual standard and optional equipment.

TOP LEFT - A large dash mounted display allows the driver to monitor the LNG level and other vital fuel system functions.

BOTTOM LEFT - The LNG fuel tank(s) are designed to keep the fuel in its liquid state at -260°F. With LNG capacities up to 216 usable gallons, it offers the same range as T800's with 112 gallons of diesel, reducing the need for frequent refueling stops.

BOTTOM RIGHT - The Westport ISX-G offers the power of a diesel engine with reduced emissions and fuel costs.

Kenworth Sweeps 2008 Customer Satisfaction Awards in Heavy Duty Product

Highest in Customer Satisfaction among Vocational Segment Class 8 Trucks

Highest in Customer Satisfaction among Over the Road Segment Class 8 Trucks

Kenworth received the highest numerical score among over the road and vocational Class 8 trucks in the proprietary J.D. Power and Associates 2008 Heavy-Duty Truck Customer Satisfaction Study™. Study based on 2,692 U.S. responses and measures opinions of principal maintainers. Proprietary study results are based on experiences and perceptions of those surveyed in March-April 2008. Your experiences may vary. jdpower.com.
